HEALTHY MIND &
BODY.

Training Philosophy:

I am excited to share my passion for Pilates with my clients and guide them in achieving their own fitness goals. Coming from the dance fitness field where I have taught U-Jam for over 2 years, I feel that Pilates has dramatically improved my flexibility and strength, especially in my core. Whether your goal is longevity, better mobility, improved posture or balance, peak sport performance, rehab from injuries, or simply feeling and looking good, I will help you! It is rewarding for me to help you get stronger and healthier, along with seeing your smiles at the end of the session.
